BOND REQUEST IS \$2.8 MILLION

ELEMENTARY BOARD TO ASK 'YES' AT POLLS IN SPRING TO COVER SITES, BUILDINGS

Voters will be asked to approve a \$9,800,000 bond-state aid issue February 7 in a special election to cover Jefferson Elementary School district construction the next five years.

Trustees Monday night authorized the administration to set the special election and organize a Citizens Committee to campaign for "yes" at the polls.

A steering committee will be established in each school, composed of the president of the PTA, chairman of the special bond election committee, the principal, and a teacher.

Other committees include a speakers' bureau and a Get-Out-The-Vote transportation and communications group.

The district's last bond-state aid election in 1958 brought a total of \$1,300,000 in bonds and \$7 million in state aid for accelerated site and building growth. The 1961 election asks approval on \$2,800,000 in bonds and \$7 million in state aid.

The board Monday sold the final \$650,000 left from the '58 bond issue, making the district

kindergartens, is set for a September of 1961 debut.

Supt. Richard Foster and Assistant Supt. David Shapiro will be in Sacramento tomorrow morning for Allocations Board approval of Columbus funds.

In other actions Monday night, the board:

1. Hired two teachers—Mrs. Sheila Gray, returning to the district after a year's leave of absence, as a substitute teacher; and Mrs. Anna W. Lambert, for Fernando Rivera, Mrs. Lambert comes from New York and has seven years of experience.

2. Awarded fencing for the Jefferson School playground contract to low bidder, Cyclone Fence, for \$1098.

3. Heard protests of three parents who asked the board to reverse decision transferring 19 kindergarten students from Jefferson school to Woodrow Wilson.

The trio claim they are not satisfied with the transfer and may appeal to the county superintendent of schools. Local Supt. Richard Foster's decision was based on the fact that there weren't enough kindergarten students at Jefferson (33 is standard sized class) and that the Jefferson kindergarten room is filled by Woodrow Wilson sixth graders.

eligible for state aid only through this school year.

The five year program includes a new school each year for five years (average cost \$1.3 million), a 19-classroom school in Westlake Terrace Unit 11 (named Franklin D. Roosevelt by the board), another full-sized school at the end of Market street below the Crocker hills, and additions to M. Pauline Brown, Vista Mar, Colma Intermediate, and to the proposed 7th and 8th grade school west of Junipero Serra.

Angus McSweeney is the architect for Franklin Roosevelt school which is geared for a September of 1962 opening.

This Thursday night the school board will meet in special session to award the contract for the Christopher Columbus school at the corner of Skyline and St. Francis boulevard. The site cost \$319,500. District's estimate for the building is \$830,998. Like Roosevelt, it will contain 19 classrooms, a multi-use room, and an administrative unit. Columbus, which will have two

M. Pauline Brown K-6 Construction Contract Awarded For \$486,000

Construction will begin within two weeks on the 12-classroom M. Pauline Brown elementary school on Eastmoor avenue in St. Francis Heights.

Trustees Monday night awarded the contract to Mid-State Construction Company for \$486,000—lowest of five bidders.

The school, named in honor of the late Colma educator, is timetabled for a September 1961 opening. It will contain a kindergarten and an administrative building.

The project first went to bid in April this year. Even the lowest bid then was \$40,000 more than the state would allow. Trustees had architect Mario Ciampi modify his plans to reduce the costs.

Mid-State Construction built Fernando Rivera K-6 on the Westlake Basin and earlier added seven classrooms to Benjamin Franklin here.

Daly City councilmen will meet in regular session next Monday night at City Hall, 75 Wellington avenue, at 8 o'clock.

19 WESTLAKE OFFICES LOSE \$500 TO THIEF

Nineteen professional offices in the Westlake Medical-Dental building were broken into last weekend by a thief primarily interested in cash.

Police Officer Charles Munday and Daly City's investigators are still checking to determine how much is missing. Munday said Monday night he had contacted 18 of the victims and their cash losses exceeded \$500.

The burglar entered via the second story fire escape on the west side of the building. Then he went door to door on that floor and the third, prying the locks and ripping open locked desk drawers.

Mutual of Omaha Insurance had its safe-drawer broken and it yielded \$135. One doctor listed his cash loss at \$100. Damage to the doors and desks was considerable.

Munday said in one dentist's office, the thief showed his "cash only" motive when he failed to touch quite a stock of gold used for fillings. Type-writers and other valuable office equipment also were left alone.

Police were notified of the situation Sunday by Bonnie Kerr, receptionist for Dr. Harold P. Torkelson. Planning to work a few hours in the office, she spotted the damaged doors and immediately called officers.

Stricken Skyline Driver Survives -- Thanks To Hustle And Teamwork

Steve Marinos, 67, is recovering today thanks to "teamwork" by two soldiers, Daly City police and firemen, and a doctor who rushed to his assistance Monday morning when he suffered a near-fatal heart attack while driving on Skyline.

Marinos, whose daughter lives at 144 Westmoor avenue, was driving south between Alemany and Westridge when he was stricken and pulled off to the side of the road. He staggered from the car and was spotted by the two soldiers (both still unidentified) who also were driving on Skyline.

The GI's soon flagged down Police Officer John Coleman who was on patrol in his sedan. Coleman radioed firemen, and

Capt. Charles Marshall, Gene Klinger, Jack Winters and Charles Rivera raced to the site.

Meantime, another motorist, Dr. John Holco, 909 Hyde street, San Francisco, arrived and gave Marinos, by this time "turning blue," a shot of adrenaline. Firemen brought Marinos out of danger by giving him resuscitation and inhalation treatment on the spot.

Peninsula Ambulance completed the teamwork by transporting the elderly man to Junipero Serra Hospital.

Doctors there learned that the same morning Marinos had suffered a mild heart seizure at his home, 3005 Harrison street.

Library Almost 'Ready'

A \$17,240 furniture shipment still hasn't arrived, so Daly City's \$200,000 new main library, 275 Southgate avenue, won't open for at least another two weeks.

Sam Chandler, city librarian, said today that the furniture left Syracuse, New York, on September 30. It was expected here much earlier, but there's not much Chandler can do about it.

Chandler has 6000 books in the new building, designed by John Gloe and constructed by John A. Nelson Company, and has ordered 4000 more books with the \$10,000 allocated by the city council. The 6000 volumes now on hand came from the Park Plaza drive branch which closed two Saturdays ago.

All the book stacks—\$3076 worth of them—have arrived for the new library. Landscaping will be finalized soon. The council allocated \$1800 for this project.

With the opening of the new library, the hours of operation at both the main branch and the Mission street library will be from 10 a.m. to 6 p.m. and from 7 to 9 p.m. Monday thru Friday. At present, the Mission library is open throughout the evening. Saturday hours are 9 a.m. to 5 p.m.

Boy Wounded, DC Parents May Sign Complaint

Walter and Muriel Mermion, Daly City municipal employees indicated today they may sign a criminal complaint against a San Francisco man who shot their 14-year-old son Saturday afternoon when the youth and his companions were "playing" around an unoccupied house off Brunswick street in San Francisco.

San Francisco police questioned Donald Pollio, 45, of 669 Brunswick, who said he fired his .22 rifle "in the general direction" of the boys because they were vandalizing the empty residence behind his home.

The Mermion's son, Patrick, was wounded in the thigh—the bullet passing completely through it. Doctors at Junipero Serra released him Sunday.

San Francisco police did not arrest Pollio but ordered further investigation. The boys were cited for trespassing.

Mrs. Mermion is a police department clerk typist. Walter works in Daly City's street and maintenance department. They reside at 729 Hanover street.

Roy McLaren Novato-Bound As New Chief

A golden opportunity has knocked for slim and tall Roy McLaren, 33-year-old Daly City assistant police chief who's been with the local department three years and four months.

Last week he was appointed new police chief in the 14,000 population city of Novato in Marin County, 20 miles north of San Francisco.

McLaren will report there November 1, leaving here officially October 25. In the meantime, Roy is helping Novato's completely new city administration organize his department and set the machinery for recruiting that town's first police force. Incorporated last spring, Novato, the city that blossomed around Hamilton Field, currently is policed by the Marin County Sheriff's Office.

"Naturally, I hate to see Mac go," said Police Chief Roland Petrocchi on receiving the news. "Roy has done a fine job here and we all wish him every success up there."

City Manager Edward Frank, who came here from Petaluma, neighbor city of Novato, likewise voiced the highest praise for McLaren. "He has been an asset to Petrocchi's department," Frank concurred.

McLaren, his wife, Jane, and sons Jonathan, 4, and Christopher, 3, will be leaving their Westlake home at 182 Westbrook avenue very soon for the subdivision growing Marin community.

McLaren's appointment to the choice job (\$8100 per year) came after he scored highest among a flock of candidates taking a stiff three-hour written exam and a one-hour oral test.

But to those who know his caliber, his high placement with the Novato administration didn't come as a surprise. McLaren has excelled in police chores from the start of his career.

Born in Los Angeles and high school educated at Huntington Park, Roy attended University of Southern California, departing with a degree in criminology

in 1951. The next four years Roy did graduate work at University of California in Berkeley and learned the ropes as a patrolman with the nationally-rated Berkeley Police Department.

The next two years he joined the austere ranks of the Central Intelligence Agency, the Federal government's number one security unit. Roy couldn't go into detail about this assignment.

In August of 1956, McLaren began work as a field representative in police administration with the American Bar Foundation. This involved duty with the Detroit and Wayne County (Michigan) police and sheriff's departments and trips to Kansas and Wisconsin where McLaren and colleagues observed and compared police techniques on criminal cases from the apprehension to prosecution stages. Part of a five-year research project, the Foundation's final reports will be made available to penal authorities and educators throughout the country by the sponsoring American Bar Association.

McLaren, mild mannered and genuinely modest, bested 20 other candidates for the assistant chief's job here in mid-1957. He has specialized in administration and headed the patrol division, working with Lt. Bruno Conci and Sgt. Henry Sundermann, and with the sharp

CALLAN PARK SEWAGE

Sanitation District's Attorney Cites Means Of Dis-annexing Tract

Even if they wanted to, north county sanitation board directors can't take the initiative, they say, in trying to have undeveloped Callan Park removed from the local district.

James Morton, attorney for the sewer district, told directors Monday that there are but two methods by which the big tract could be severed.

One is by petition of the majority of landowners in Callan Park, and the other is by means of a resolution of intent by the board of supervisors.

"The local sanitation board," Morton told the newspaper, "in either case has to submit a report to supervisors in which the tract's advantages or disadvantages to the district are presented in full."

This is the legal machinery of the dis-annexation, but there's still another factor that has to be considered if the local directors reverse the annexation.

It's the fact, as explained by Morton, that under present state law, even if Callan Park is excluded from the local district, the tract would still be subject to taxes by the district.

This quirk, according to Morton, is because the language of the law on dis-annexation exempts the landowner from continued maintenance and operation taxes (if severance from the district materializes) but fails to exempt bond retirement taxes. Thus, if Callan Park is dis-annexed, Callan Company still will have to pay the 15 cents per \$100 valuation bond tax to the sanitation district.

Morton said this awkward omission can be corrected by an amendment to the state law—a move that his firm, which represents several sewer districts, will bring up at the next session of the state legislature. But there can be no certainty that the legislature will approve the amendment.

"The only other alternative

we have if Callan Park is dis-annexed and the state law remains unchanged," continued Morton, "is to go into a court of equity proceeding, by which the developer would try to get a decision against the compulsory bond tax."

"Callan would have to foot the bill for this undertaking," Morton declared.

Morton told directors Monday that "indirectly I have heard that the Callans may attempt to form a separate utility (sewage and water) district for Callan Park."

"But if this is true, it will take them at least two years to build a sanitation plant there, and meanwhile they would have to work out an interim

Schoolteacher Saved Via Quick Efforts In W'lake Apartment Fire

A San Francisco schoolteacher owed her life to an alert neighbor and Daly City firemen early Sunday morning when a fire in the bedroom of her Westlake apartment did \$3500 damage.

Pharmacist Dr. Robert Day, who lives nearby, smelled smoke about 3:30 a.m. and rushed out to see flames pouring from the rear of the residence occupied by Miss Marilyn Gibson, 32 Crestwood drive, apartment 4.

Day quickly called police and firemen from three stations streaked to the scene as 75 to 100 onlookers gathered.

Fire Capt. Bob Greenstrand and hoseman John Roy rushed in and spotted the 34-year-old teacher "unconscious and not breathing" on the floor of the front room. She had crawled from the blazing bedroom and closed the door, but could proceed no farther.

While Greenstrand and Roy

carried her outside to safety, fireman John Jacobs rushed to her side and revived her with a resuscitator. Peninsula Ambulance arrived and rushed the woman to Junipero Serra Hospital. Later she was transferred to Community Hospital for treatment of smoke inhalation. She is reported recovering and in fair condition.

The blaze in the bedroom, presumably caused by a cigarette, was so intense it cracked out all the windows and was ascending to the roof when the firemen began the battle.

Bttn. Chief Mel Hanson said the bedroom floor was a total loss and estimated \$3000 damage to the room and about \$500 to its contents.

Two of Miss Gibson's brothers, coincidentally, are San Francisco firemen.

Dr. Day, the man who initiated the rescue effort, works at Westlake Medical-Dental Pharmacy.

PIPELINERS

Know how these pipeliners get different kinds of oil products all shooting through the same pipeline at pretty much the same time and yet keep them separate? They use, according to the National Automobile Club, expandable rubber balls.

Into the line they pump one oil product, then pop in two or three more rubber balls. Acting as a liquid-tight seal between the various products, the balls roll merrily along with these products on their way to market.

Smart people these pipeliners.

contract with the north county sanitation district," said Morton.

Daly City Councilman Bob St. Clair, chairman of the sanitation board, told the newspaper after Monday's sanitation meeting:

"We (the board) still feel that the inclusion of Callan Park in the sewer district was a good and sound financial move for both the district and Daly City. The fact Callan Park still have to pay the district taxes even if it is removed from our jurisdiction only confirms the value of the tract to the sanitation district and Daly City — it broadens our tax base."

St. Clair, who along with Mayor-sanitation director Frank Pacelli has been asked by the Daly City council to check the possibility of Callan Park dis-annexation from the sewer district, repeated Monday that "taxpayers currently in the sanitation district will not be affected by the Callan Park inclusion in the sewer district."

"This is a separate maintenance district and the builder (Callan) must meet all our requirements before we will hook-up Callan Park homes to our system. The area would pay a separate tax rate—in no way costing other residents of the sanitation district more."

Morton also emphasized this point. He said: "Before the developer can get these hookups or get the district to take over, he must satisfy all our requirements."

"The developer must provide the facilities. If he can't then we have to and his area will be taxed accordingly."

St. Clair, Pacelli and third sanitation director Ed McDonald, county supervisor, Monday instructed Morton and consulting engineer Harry Jenks to present written reports for the Daly City council meeting next Monday night. Morton's report will explain the feasibility of Callan Park in the sewer district as far as both Daly City and the district as a whole are concerned on taxes and services. Jenks will be asked to confirm that presently planned improvements to the existing sanitation plant in Westlake—a \$225,000 project—have no connection with Callan Park.

At Monday's meeting, the sanitation board approved engineer Jenks' plans and specifications for a new digester and grit removal chamber which will be financed by capital outlay reserve funds. Bids were authorized and will be opened at the November 7 sanitation board meeting. Next regular meeting of the board is October 17.

UP AND DOWN BANKING

In New York they have a stock market that goes up and down.

In Pontiac, Michigan, according to the National Automobile Club, they have a bank that goes up and down.

A motorist there who wants to do a little banking just drives up to the curb, waits for a moment, and then up out of the sidewalk rises the teller in his cage.

When the banking has been done, the teller taps a button, and slips down into the sidewalk again. In fact, when he's gone underground the top of his cage forms part of the sidewalk. The motorist drives away. The pedestrians pass, and the teller waits breathlessly at his counter for his next elevator ride into the world above.

PG&E To Unveil 'Natural Steam' Power Station In Sonoma County

America's first electric power generating station using natural steam from within the earth has begun operation.

Pacific Gas and Electric Company will dedicate its pioneer geothermal station at The Geysers in northeast Sonoma County this Friday. PG&E President Norman R. Sutherland will be the featured speaker at ceremonies to be attended by business and civic leaders from throughout the Redwood Empire.

The turbine of the 12,500-kilowatt plant is being turned by steam from wells drilled into the volcanic geological formations that exist near the earth's surface in that area. The wells have been developed by Thermal and Magma power companies, which sell the steam to PG&E.

Development of The Geysers for commercial power production has been studied for many years but never proved practical until the project now completed was conceived three years ago by engineers of PG&E, Thermal and Magma. PG&E started work on the \$2 million project last August.

Electricity generated at The Geysers plant is entering PG&E's inter-connected transmission system over a 10-mile-long 60,000-volt line from the plant to an existing line near Geyserville, said S. L. Sibley, the Company's vice president.

Assistant Chief

(Continued from Page 1) investigative division trio of Capt. Roy Beecher and Sergeants Charles Terry and John Walsh.

Petrocchi today said he "wasn't sure there will be an immediate replacement for McLaren."

"It all depends on what the city manager recommends and the council decides," the chief said.

McLaren's career probably was predetermined by the fact his father, Douglas, was a Los Angeles cop, and now is a lieutenant with the Department of Corrections at Tehachapi medium security prison in Southern California. Roy's dad "is only 52 and going strong," the son said.

Young McLaren has three sisters, one of who is married to a top sergeant at Vacaville, another Department of Corrections institution. Another brother-in-law is a junior high school teacher in Hayward. Roy's third sister just recently got married "but I'm not sure what he does for a living—I haven't heard much from them yet."

CHIVALRY OUT OF THE BLUE

In a Midwestern state a lady motorist was sweating over the changing of a tire. Car after car zipped by her on the highway and nary a motorist gave her a look or a thought.

Then chivalry, reports the National Automobile Club, descended from on high. Out of the wild blue yonder a tiny plane descended in a field, the pilot climbed out, walked over to the road, changed the lady's tire for her, returned to his plane, and then roared off again into the wild blue yonder.

The victim collects the old coins as a hobby. The thief may not be as appreciative of their vintage.

Police Assign New Patrolman, 2 Dispatchers

A new patrolman and two new civilian dispatchers have joined Daly City's police department.

Dennis J. Sheehy Jr., 21-year-old San Franciscan who attended Sacred Heart High School, replaces Officer Harold Tunnell who resigned to become a county sheriff's deputy. Tunnell was only here two months and is the first patrolman to voluntarily resign from the force in almost four years.

Sheehy attends recruit school four hours a day at College of San Mateo and works the 8 to midnight shift as a patrolman.

New dispatchers, replacements for David Vargo (now in San Rafael as a police officer) and Gino Manicci (back at USF studying law), are James Whitcomb Riley, 35, and Robert Louis Peterson, 25.

Riley, a bachelor who lives at 6270 Mission, was born in Ohio, worked in Chicago and also for a San Francisco electronics firm. He will work as a relief.

Peterson, assigned to the graveyard shift, is a graduate of Sebastopol High School and attended City College of San Francisco. He worked as a claims analyst for the Veterans Administration prior to coming here.

Library Friends Member Drive All-Out Effort

During the next two weeks, hundreds of Daly City area residents will receive invitations to join the Friends of the Library, announces H. Z. (Ted) Weibel, chairman for the membership drive.

In addition to these invitations to be mailed by his committee, Weibel has urged present members of the organization to participate in this membership campaign on an "Each One Reach One" basis. In this way every member of Friends of the Library can feel he is an active contributor to the growth of his organization, no matter how limited the time may be that he can devote to time-consuming committee work.

In view of the opening of the new library and its prospective needs, this year, more than any other, it is important that Friends of the Library enlarge the scope of their activities, said Weibel.

"This can be done only through an increased membership," he added. "The time to join is now."

New Occidental Insurance Mgr. Appointed Here

Lyman R. Parker has been appointed manager of the Westlake branch office of Occidental Life Insurance Company of California.

Parker accepts his new post after a six-year association with Occidental as assistant manager in the company's San Francisco branch office.

A native of Utah, he received his early education there, later attended Sequoia Junior College and served in the Army Air Corps as a pilot for two years during World War II. His activities include membership in the Chamber of Commerce and South Alameda Life Underwriters Association.

Parker and his wife, Rose, have three children. The family resides at 18084 Reamer road, Castro Valley.

MAIN LIBRARY'S new books—\$10,000 worth—are arriving in big loads and as soon as furniture is delivered the \$200,000 building will be ready for a grand opening. Mayor Frank

TB Association Needs Volunteers

How many days until Christmas? The San Mateo County Tuberculosis and Health Association's annual appeal for volunteers to help with the Christmas Seal campaign reminds us that it's later than we think!

Mrs. Alyce Donahue, seal sale director, today called for both groups and individuals to volunteer for stuffing and sorting envelopes and counting returns. She pointed out that all volunteers this year will work in the Christmas Seal agency's expanded headquarters at 115 South Ellsworth, San Mateo. Those interested should call her at Diamond 3-6274.

Two Residences Clobbered By Rollaway Car

A Pacifica woman's car broke away from its parking place Sunday, jumped the curb in front of 64 Vista Grande avenue, hit the corner house and rammed into the rear of a '60 Pontiac parked on Santa Barbara avenue.

The runaway vehicle came to a halt against the residence at 100 Vista Grande.

Officer Richard deLosa did not issue a citation to Kathryn Shields, 237 Hillside drive, because he believed the wheels of her car were curbed prior to the mishap. The patrolman said neighbors saw children playing around the car. These youngsters may have "disturbed" the vehicle.

'Back To School' For Parents At St. Cecilia's

"Parents' Back to School Night" will be the special feature of the next St. Cecilia's Mothers Club meeting, Monday, October 10, at 8 p.m. in the school auditorium. Fathers as well as mothers are invited. Sister Superior Michaeline Mary will introduce the faculty and discuss the school curriculum, after which fathers and mothers will be able to sit in their child's place in the classroom and learn about their child's program.

After classes, refreshments will be served by officers of the Mothers' Club.

Doc's Bag Stolen

Medical bag belonging to Dr. Theodore H. Paoli, 7080 Mission street, was stolen from his car Tuesday evening. The vehicle was parked behind his office.

Heart Attack Fatal

Fred Parker, 75, was dead on arrival at Junipero Serra Hospital a few minutes after he suffered a heart attack Monday afternoon at his home, 208 Los Banos avenue. Police dispatched Peninsula Ambulance for the emergency call.

Doelger Officials Witness Flash Fire At New Apartments

A three-foot high, ten gallon tank containing butane gas was knocked over and caught fire last week at the new apartment building under construction behind Westlake Bowl on Palmer street.

The blaze was hurriedly doused by a bevy of Daly City firemen (from three locations) who feared it would spread and cause a major conflagration. Witnesses to the incident were builder Henry Doelger, John Doelger, B. Poncetia, and Doelger construction superintendent Carl Verdell. It was Verdell who first spotted the trouble and pulled the fire alarm.

Fire Prevention Drills At Schools

Daly City firemen are conducting drills this week at local schools in keeping with Fire Prevention Week.

Next week the firemen will stage demonstrations for the children on fire control techniques.

JEFF STUDENT IS 'COLUMBUS DAY' QUEEN

Miss Roberta Bacci of Daly City was announced the winner of the Queen Contest last weekend by the Italian-American Federation of San Mateo county.

Daughter of Mr. and Mrs. Charles Paoli of Daly City and student at Jefferson High school, she was adjudged the winner on the basis of ticket votes sold to the public; proceeds of which will be donated to the Crippled Children's Society of San Mateo county.

It was an impressive gesture on the part of Miss Bacci when she was chosen "Queen Isabella" and donated her hard-earned "commission" from the ticket sales to the Crippled Children's Society.

President of the Federation, Dan Casentini, highly praised

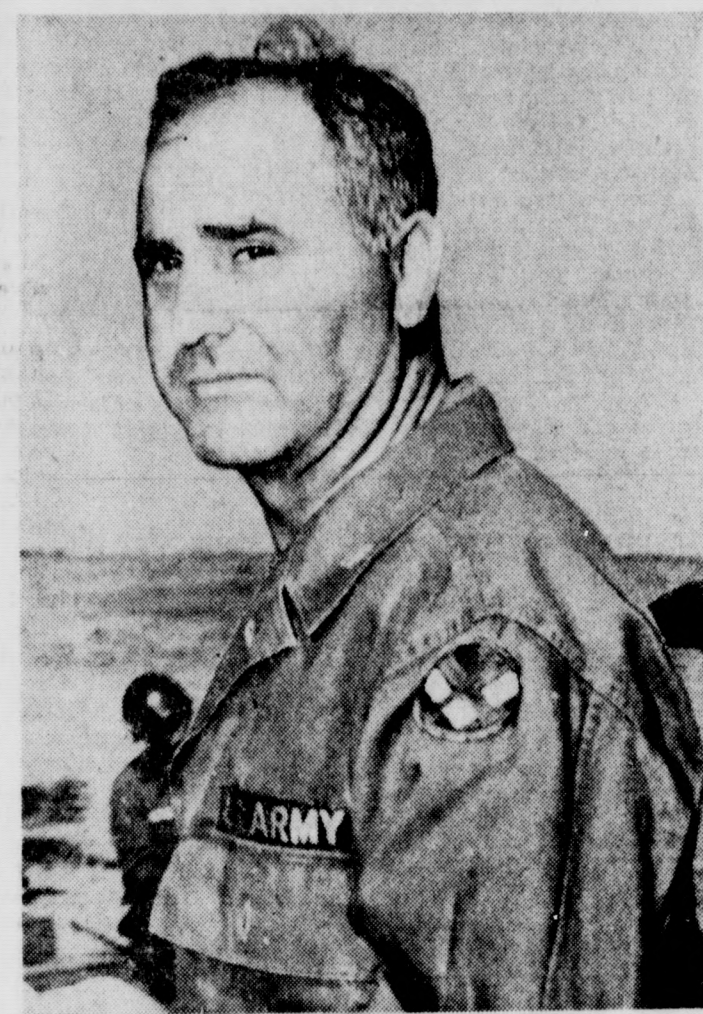

Queen Isabella - 1960

her efforts and "her good deed to all members of the Federation."

Columbus Day celebrations of San Mateo county have been sponsored by the Federation for over six years, with every year's profits going to the most deserving charitable causes.

Casentini has led his organization in many other drives, such as \$500 scholarships for needy students.

MAJOR Joseph N. Bonavito, 83 Ocean Grove avenue, Daly City, instructs members of the 351st Civil Affairs Army Reserve Unit from Mountain View during recent field maneuvers. Bonavito, a foreign trade executive, is an assistant professor at San Francisco State College.

Walgreen's Reports Burglary Attempt

The manager of Walgreen's Drug Store, 395 South Mayfair avenue, reported a possible burglary attempt to police Sunday morning.

George Jeffers said he arrived at the store at 8 a.m. to discover that the screws had been removed from the hinges on the front door.

Nothing was missing from the store, however, according to the police report.

TWICE AS MANY DALY CITY DEMOS AS REPUBLICANS

There are twice as many Democrats as Republicans in Daly City eligible to vote in the November presidential election.

County Clerk John Bruning today listed Daly City totals as 14,655 Democrats and 7061 Republicans. That's a total registration of 22,340 in a population of about 43,500.

Two years ago, Daly City registration was 16,921—10,946 Democrats and 5526 Republicans.

Physician Loses \$150 To Burglar
Dr. Eugene B. Cowan, physician who lives at 182 Wilshire avenue, told police Saturday that \$150 in cash was stolen from his home late Friday night, presumably when the family was asleep in the residence.

Officer James Doran said the thief gained entry by forcing open a rear door. The money was removed from an upstairs room.

Young Demos Pick Officers

The second meeting of the North County Young Democrats at Daly City Democratic Headquarters was highlighted by election of officers in the new organization, with the following results:

President, Jo Arena of 261 Verano drive, Daly City; vice-president, Delwin A. Roy, 5 Coronado, Apt. 141, Daly City; treasurer, Dick Holland of 360 Northaven drive, Daly City; secretary, Terry Peralta of 32 East Cavour street, Daly City.

The Young Democrats are making themselves responsible for much of their key work in the present campaign, and are showing a marked enthusiasm at this venture into politics. The club would welcome new members between the ages of 16 and 35, and can promise interesting activities for all.

The next regular meeting will be held Thursday, October 6, at Daly City Democratic Headquarters, 7375 Mission street, beginning at 7:30 p.m.

AROUND TOWN

By ROY HURLBERT

THE nicest things are being said about Daly City's new Peninsula Ambulance Company which handles police and fire priority emergency calls.

The firm's capable, efficient personnel are making many friends. Their headquarters is a two-story structure at 7121 Mission street. The phone number is WY 2-1644.

FRANKLIN Denalo Roosevelt was trustee-approved this week as the name for the 19-classroom elementary school in Westlake Terrace. The school board rejected "Clara Barton, John Adams and Horace Mann."

PARENTS of the 19 youngsters transferred from Jefferson elementary school to mile-away Woodrow Wilson are not "satisfied" with the switch despite an earlier article which said there had been a meeting of the minds.

Egidio Masini, one of the parents, said his group might appeal to the county superintendent of schools.

It isn't likely the county chief will reverse the recommendation of the Daly City superintendent and the decision of the local trustees.

MEMORY takes us back to the mid-40's when Benny Albrecht played guard for the then-tough Mission High football squad.

Last week the same Benny dropped into this office with a publicity release for Westlake Catholic Men and a true tale of woe.

His son, Dennis, only 7, an Our Lady of Mercy second grader, is in the hospital for repairs. Last Friday Dennis slipped while playing catch and broke his neck. The kid was just getting over a broken leg from a horse fall at Calistoga.

Ben said Mary's Help doctors feel the neck fracture will mend OK, but please no more injuries for the youngster!

NEW night police dispatcher Bob Peterson, ex-Marine who married Jeff High grad Barbara Keith, got the full "treatment" while being photographed and fingerprinted for Daly City department duty.

Our source said a group of Cub Scouts, touring headquarters, spotted Bob in the "mug" room and commented to a confederate:

"There's one of those tough criminals."

NOVATO-bound Roy McLaren, assistant Daly City police chief, will be getting a cut in pay when he takes over as chief of the Marin city's wrapper-fresh department next month.

The starting salary up yonder for the sharp USC graduate will be \$8100 per annum. Roy's rate here was about \$1500 higher.

Novato is perhaps the only city in the state that has a police chief (McLaren) but no patrolmen as yet. But Roy is recruiting right now.

THAT Sunday a.m. apartment fire and rescue in Westlake proved the value of alert response. A pharmacist spotted the blaze. Daly City firemen saved the unconscious schoolmarm and checked the flames, and police officers Lt. Bruno Conci, Al Nicolini and Jim Bergstrom also helped the cause.

Teamwork wins when time is of essence.

COUNCILMAN Bob St. Clair, "censured" by the county Demo Central Committee for certain "endorsements" he used in the recent annexation scramble, must be given credit for other councilmanic activities.

Bob's big voice played a major part in wrapping up the main library and two Falisades playground site purchases. Normally a tackle, St. Clair carried the ball in spearheading these now-realized projects.

THE city's still-being-weighed \$30,000 water report, prepared by Washington & Associates of San Francisco, concludes that to bring the local system up to par thousands and thousands of dollars will have to be spent immediately for replacement of lines and rehabilitation of the network in the eastern side of town.

Logical conclusion is that the money for such immediate improvements just isn't available. Also, why wasn't this program started many years ago?

The council's present budget earmarks a considerable hunk of dough for water system betterments. It's the kickoff of a five-year plan which no doubt will be accompanied by a hike in the water rate. And sooner than you expect!

CREDIT Police Chief Roland Petrocchi and former South SF Chief Louis Belloni with main efforts in getting the north county police recruit training program off to a productive start.

The program is offered at College of San Mateo and allows both rookies and veterans to take accredited criminology courses.

Serves dual purposes—makes the participants more skillful in the business and enhances their chances for promotion.

DANDY Don Sherwood, TV's answer to the boredom of Westerns, is listed as Westlake PTA's video and radio committee chairman.

Sherwood and Milton Berle also are rumored attractions for Daly City's 50th Birthday Celebration next year.

This town won't be the same if both Donnie Boy and Uncle Miltie accept the challenge.

THERE are those who claim the United States doesn't have much to choose from in presidential candidates.

But has there ever been more interest in the qualifications of any two men—and thus such intense concern about the November outcome?

People are more interested in this race than they'd like to admit.

LEADING the Lion ladies' share of the annual White Cane sales here October 14 and 15 is Mrs. "Jo" Putkey, wife of attorney John.

All the donations will be spent in the Daly City area to purchase eyeglasses for tots and adults who can't afford them, and for articles and equipment needed by those who cannot see.

Ed Byrne is chairman for the local club.

ROTARY District Governor Francis Whitmer, here a month ago on his annual visit, made one statement that will be remembered by the Daly City Group.

"I've been to so many meetings the past two weeks that it's really getting me down."

Less than a week later, Whitmer suffered a fatal heart attack while addressing a San Francisco audience.

POSTCARD this week from Russia is signed by Lowell and Alice Blankfort, ex-Coastside publishers who are junketing through Europe and writing saleable features.

The card has room for only an inch of message so the news was limited.

Could it be that the Soviets are censoring postcards, too?

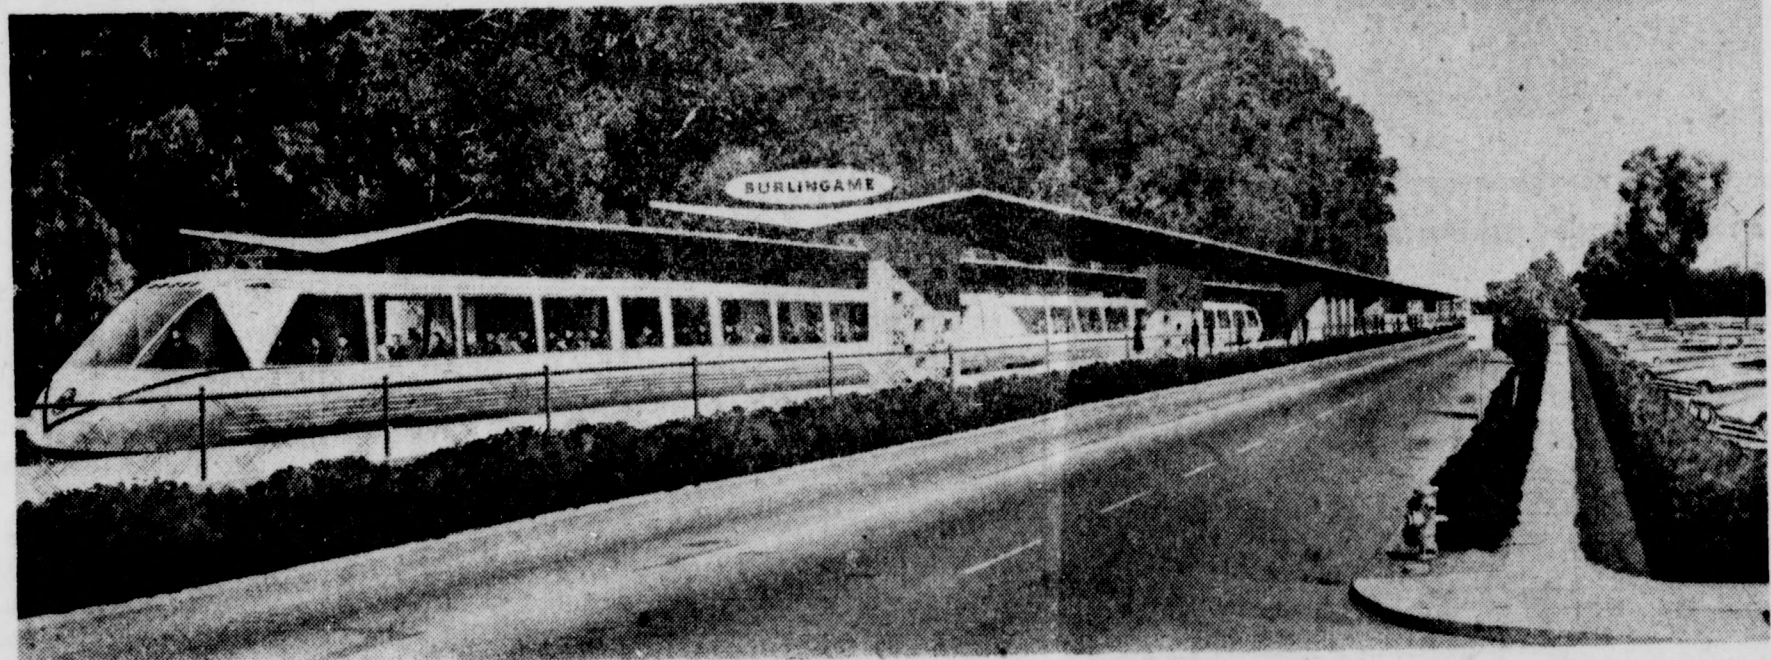

PHOTO depicts typical rapid transit facilities on the proposed regional network of the five-county Bay Area Rapid Transit District. This station is located north of Burlingame avenue in Burlingame. During commuter rush-hours, trains would pick up passengers as frequently as every 90 seconds. Train running times would include: Burlingame to Redwood City, 12½ minutes; Burlingame to Daly City, 13½ minutes; Burlingame to Powell & Market, San Francisco, 23 minutes; Burlingame to Market & Montgomery, San Francisco, 24 minutes; Burlingame to 19th & Broadway, Oakland, 33 minutes; Burlingame to University Square, Berkeley, 40½ minutes. The tentative rapid transit plan includes about 100 miles of track in the five Bay Area counties. It has been forwarded to city councils and supervisors for comments on the physical portion of the plan; routings, station locations and terminals. The rapid transit Board of Directors will adopt and recommend the system after receiving the comments of the local officials. In final form, the rapid transit program must be approved both by the boards of supervisors and by 2/3 of the voting electorate at a general obligation bond election.

Temple Judea's 'Succoth Festival' Services Commence This Evening

Congregation Judea will usher in the Succoth Festival with a series of special services this Wednesday evening, October 5. The first service in observance of the first night of the Succoth Festival and the last service in observance of Simchat Torah, "Rejoicing Of The Torah," will both be held at the Temple Baptist Church, 3355 Nineteenth avenue, Stonestown. "A Story Sermonette," by Rabbi Robert W. Shapiro will feature tonight's family service. Shapiro will speak again this Friday evening, 8:30 o'clock, at the Temple House, 95 South Mayfair avenue in Westlake. On Sunday morning, October 9, chapel services will be held at Westlake Elementary school, Lake Vista and Fieldcrest avenues. Refreshments will be served in each class.

Gary Cinti 'Pledge' At Oregon University

The 21 University of Oregon fraternities closed their formal fall rush period September 25 by pledging a total of 445 men. The five-day rush period started September 20, with the purpose of concluding activities before the start of classes on September 26. The Sigma Nu house pledged Gary Cinti of Daly City.

ST. MARTIN'S 'FUN CIRCUS' FOR ALL AGES

Carnival time will be here Saturday as the circus tents unfold and the banners and booths appear on the large grassy lot of St. Martin's Episcopal Church, 777 Southgate avenue, Daly City.

Sponsored by the church as a fund-raising activity, there will be something of interest for everyone, especially the little ones. For only five cents they'll be able to fish for a surprise package sure to please.

After an afternoon of fun at the many attractive booths a chicken dinner will be served upstairs from 5 to 7:30 p.m. The cost is \$1.75 for adults and \$1.25 for juniors. The little ones 5 or younger are admitted free. An attractive award will be won by one dinner guest. Tickets may be purchased from Mrs. Baxter Sharp and also on the day of the "Fun Circus."

The dancing from 8 to 10 that evening is sure to please any and all for the nominal charge of 50 cents a person. Mark this date down now on your calendar as it will be a fun day for your whole family!

GOT LOTS of old newspapers and magazines? Chairmen (left to right) Georgia Solari, Helen Risso and Elaine Busalacchi have sounded a city-wide call on Hillside PTA's paper drive.

If you have papers, call PL 6-0797 for immediate pick-up service. All the proceeds from the sale of the paper go to the PTA which serves Colma K-6 and Colma Intermediate schools.

The drive will climax on Saturday, October 22. On that date residents who wish to donate are asked to have papers bundled and placed near the curb for truck pick-up.

National Church Leader Guest Sunday At Vista Grande Church

The Vista Grande Avenue Christian Church of Daly City will have as a guest speaker during the morning service Sunday, October 9, the Rev. William McKinney, Executive Secretary of the Department of Men's Work of the United Christian Missionary Society, with offices at Indianapolis, Indiana.

In 1947, McKinney was called to head the newly-organized department of men's work of the United Society, an international board which administers Christian education, world missions and services to churches. These ministries are all carried on by voluntary cooperation among Christian churches (Disciples of Christ). From offices in Indianapolis, this board serves the majority of the 8000 churches of Disciples of Christ throughout North America and their missions in the United States and 11 other countries.

Since McKinney's appointment, Christian churches have seen an increase in local and state men's groups, regular production of materials for laymen, organizations of the National Christian Men's Fellowship Advisory Commission, development of retreats for laymen and increases in support of missions by men.

REV. MCKINNEY

He will speak at the 11 a.m. worship service. His topic will be "The Work of Christian Laymen in Present Times."

'MARCH FOR MEMBERS' BY B'NAI B'RITH

All B'nai B'rith Chapters throughout District No. 4, comprising eight Western States and British Columbia, will open the national membership campaign with a "March for Members" this Sunday, October 9. The campaign will run through December 16 with the slogan, "Forget Me Not." The chapters hope to gain over 300 new members in District 4.

The B'nai B'rith Chapters are being co-ordinated through the Greater San Francisco Council of B'nai B'rith Women by Mrs. Harry Yaffee, membership chairman. Chapter membership chairmen in San Francisco are: California Daytimers, Mrs. Jacob Bisnow; Golden Gate Chapter, Mrs. Harold Cohen; San Francisco 1, Mrs. Sylvia Tover; Skyline Chapter, Mrs. Robert Wisley; Unity Chapter, Mrs. Sam Wisfield.

B'nai B'rith projects and programs are devoted to the advancement of youth, better human relations, patriotic causes, and services to the hospitalized veterans.

Actress Is Honorary Chairman As Lions Clubs Set 'White Cane' Days

Honorary chairman of the 1960 White Cane Days is actress June Lockhart, star of the "Lassie" series, it was announced by Karl R. Barnum, chairman of the 10th annual observance of the nation's leading blind-aid program.

Sponsored by Lions Clubs across the country the event is set for Friday and Saturday, October 14-15, in California and Nevada.

"As our honorary chairman Miss Lockhart is symbolic of the many young mothers who must face the task of bringing light to the dark worlds of their children," said Barnum. The Los Angeles Foundation for Junior Blind is a main recipient of aid from the Lions Club campaign.

Miss Lockhart is the third honorary chairman to head White Cane Days. Previous honorees have been blind sportscaster Ted Husing and orchestra leader John Scott Trotter.

On October 14 and 15 some 60,000 men, women, and youngsters representing local Lions Clubs will take to the streets of cities in California and Nevada to climax the fund-raising campaign. At the same time many stores and restaurants will serve as specific collection stations.

Each donor will receive the traditional tiny white cane, produced by the Lions themselves, as a symbol of his participation in the program. Funds received during the campaign are used for the purchase of guide dogs, correctional work, and other vital assistance to the blind.

The white cane was designated as a signaling device for blind persons exactly 30 years

'Galloping' Breakfast At Seacliff

The Women's Society of World Service of Daly City's Community Church observed Denominational Day of Prayer this morning in an unusual manner. Members and friends met at the home of Mrs. Clark Robb for a "galloping breakfast."

Every lady was required to come dressed in her "everyday work around the house" clothing. In fact, those not in their working clothes were "penalized."

A short program included the theme of "Prayer," after which coffee and rolls were served.

The Women's Society played host to ladies from Oakland and Santa Clara at their "Inspiration day" on September 26. A delightfully varied program was built around the theme of the study booklet, "Growing Together in Faith."

Highlights of the day's schedule included the use of colored slides, a panel discussion, a devotional period, and a turn-over chart with art work by Mrs. Helyn Dilbeck. Special music for the affair included a soloist from Santa Clara, and a ladies' trio composed of three Westlake ladies, Mrs. Frank Toft, Mrs. Angelo Infusino and Mrs. Robb.

The hostess society served a luncheon under the direction of Mrs. Edward Van Viek. The three women's societies agreed that the day was definitely an "inspirational success."

'Get Acquainted' At Vista Mar PTA Fall Opener Next Tuesday Evening

"Get Acquainted Night" will be held by Vista Mar PTA on Tuesday, October 11. Another lively season will begin with grade level classroom orientation for parents at 7:30, followed by the first PTA meeting of the school year at 8 o'clock. PTA President, Mrs. Ronald Meyer, announces that informality will keynote the evening.

Most important aspect of the meeting will be getting acquainted with the Vista Mar staff, PTA officers and parents at the coffee hours. The PTA Executive Board for 1960-61 will serve as hostesses and includes the following officers: President, Mrs. Ronald Meyer; Vice-President, Mrs. Vincent O'Connor; Honorary Vice-President, Miss Marjorie Tobias; Principal, Vista Mar School, Recording Secretary, Mrs. James Maloney; Corresponding Secretary, Mrs. Vaughn Hofeldt; Financial Secretary, Mrs. Albert Benza; Treasurer, Mrs. Joseph Pulizzano; Auditor, Mrs. Robert St. Clair, and Parliamentarian, Mrs. Thomas West. Also serving as hostesses will be all committee chairmen.

Kickoff date for Vista Mar PTA membership drive is October 10. An unusually attractive format has been planned by

Membership Chairman Mrs. Thomas Robbins and her committee. A clown poster with the slogan "Don't clown around, Get on your way! Get Mom and Dad into PTA" will be placed in all classrooms. Each child will add a balloon sticker as his parents become PTA members.

Although the school year is just beginning, PTA members have already been making contributions to school life. A coffee was held for mothers attending the kindergarten orientation meeting at Vista Mar on September 8, and refreshments were served to teachers on their registration day for new pupils at that time.

PTA members will sell orange-juice bars to the children each Friday beginning in October and will purchase a piece of office equipment for Vista Mar with the proceeds.

'BARN DANCE' BAZAAR SET BY AUXILIARY

Daly City's lady Eagles (Auxiliary of Aerie 1848) are completing plans for their big "Barn Dance" bazaar October 14 and 15 at Eagles Hall, 3344 San Jose avenue.

Men are asked to wear jeans and the ladies cotton dresses. There will be booths for young and old—fancy work, pillow cases, dishtowels, pot holders, crocheted work, cakes, aprons, and you name it.

The Auxiliary's calendar contest was won by the team headed by Lucille Bipes. Eileen DeBano and her group will treat the victors in the near future. At their last meet, the Auxiliary women held a baby picture contest (pictures of present members in bygone diaper days). The winners (who guessed the best) were awarded three months free club dues.

Sewing for this month was conducted at Lynne Boskey's home. Bazaar items moved along rapidly.

+ TEEN TALK +

By Joe Bavaresco

Dear Mr. Bavaresco:

I have dated a boy four times. My parents strongly disapprove because he is part oriental and I am not. He is a wonderful boy, one of the few boys that I have ever dated who I can say was always a complete gentleman and extremely fun to be with. He has asked me to an important school function. My parents have told me I cannot continue to date. If I continue to do so, they will forbid me to leave the house. Won't you please help me.

Mixed Up

Dear Mixed Up: I am going to side with your parents in that perhaps it is nothing serious now, but if you continue this friendship you will find yourself deeper and deeper in a maze of confusion. It isn't a healthy situation socially or morally.

There are many boys to date. I consider myself non-race prejudiced, but I will be the first to advise no inter-racial dating. The main reason is it benefits neither one to you, and only heartbreak and ridicule can come of this relationship. Don't break up a perfect friendship, but don't encourage an imperfect love.

Dear Mr. Bavaresco: Eight months ago a girl asked me to take her to her junior prom. For the last four months, I have been going steady with another girl. I haven't told my girl about this previous date which will be coming up in December. I am sure my girl would not like the idea of me taking another girl to the prom. What should I do?

LOOK WHAT DODGE HAS DONE FOR COMPACTS

The name, Lancer: one hardtop; one 2-door sedan; two 4-door sedans; two wagons. What kind of cars are they? This kind: two feet shorter; many pounds leaner; a couple of hundred dollars less in cost than usual automobiles. Lancer welcomes a family of six lavishly. Has plenty of trunk. Its fully-unitized body is very quiet, very tough. Lancer is also mannerly. It corners decisively, takes a well scarred road with aplomb. Parks obediently. More reasons to buy? Read on. The interiors are rich, but simple: Shed soil, wear well, feel good. The engine is highly spirited, but extremely light on regular gasoline. One more thing, Lancer is built by Dodge. Our name is on it. This means Lancer will stay nice and shiny. How so? The body is rustproofed by an exclusive Chrysler Corporation process. Enough talk. Meet Lancer at your Dodge Dealer. Now.

Originally from Baltimore, Maryland, McGill began his singing career there, in choirs, opera, concerts, radio, etc. A personal spiritual experience however, has since caused him to devote his time exclusively to a ministry of Christian music.

Within recent years, this amiable, easy-to-listen-to baritone, has risen to national prominence through his records, personal appearances on television and radio, and in hundreds of evangelical churches, of many different denominations.

He is a former vice president of the Holywood Christian Group, an organization formed to reach those in the entertainment field with the Gospel of Christ. Roy Rogers and Dale Evans have also been officers of this group.

ALAN MCGILL

Throughout the continent, Alan McGill's programs have been well received, and are often sponsored by ministerial associations, Christian businessmen's committees, and youth groups. Nancy McGill, Alan's wife, accompanies him at the piano.

PASTOR ROBB URGES 'FAMILY' BIBLE STUDY

Families of Seacrest Community Church have started studying the Bible together. Feeling that "biblical illiteracy" is a criticism all too often levelled at modern American families, Pastor Clark Robb is leading his congregation in a concerted effort to do something about it.

The project was started with the study of the Gospel of John, in the Revised Standard Version. Each family or individual interested in participating is given a packet including a magazine-size picture edition of John's gospel in its entirety. The packet also includes a schedule of readings for each day, and a suggested study outline of questions to stimulate the reader's thinking when reading. They are designed to be used in private devotions, family worship, or with any group study.

Rev. Robb's Sunday morning sermons are then taken from the section that the congregation has been studying the preceding week. The study materials have been made available to non-members, too.

Pastor Robb, a relative newcomer to Westlake, is a chaplain in the U. S. Naval Reserve. Each Sunday evening at 10 p.m. he may be heard over KEARF (97.3) on "Songs of Seacrest."

New Social Security Provisions Aid 125,000 More In SM County -- Age Restrictions Eliminated

Social security amendments signed by the President on September 13 will bring benefits to an estimated 125,000 additional disabled workers and to the members of their families throughout the country, Mrs. Marcia Leton Kahn, manager of the San Francisco (Mission) Social Security Office, announced today. She pointed out that the change regarding disability benefits is only one of a number of changes made by the amendments.

A person can now qualify for disability benefits without regard to his age. If he has worked long enough under social security and if his disability is severe enough to meet the definition in the social security law, he and eligible members of his family may draw the benefits even if he has not reached 50.

"Those who have already made application to have their social security records frozen because of their disability do not need to take any action now," Mrs. Kahn said. "The Social Security Administration has their records on file and will write to them telling them what they should do. However, those disabled people who have not had a previous contact with a social security office to discuss disability protection should get in touch with our office right away."

Another change made by the new amendments affects people entitled to benefits and who are working. Mrs. Kahn explained. Unchanged is the rule that a person can get social security benefits for every month of the year if his earnings for the year do not go over \$1200. For amounts over \$1200—the following formula applies beginning in 1961: one dollar in benefits is withheld for each \$2 of earnings between \$1200 and \$1500. If a person earns more than \$1500, he forfeits a dollar in benefits for each dollar that his earnings go over the \$1500 amount. However, in spite of this rule, no one will forfeit benefits for any month that he earns \$100 or less in wages. If he is self-employed, he does not forfeit a benefit for any month that he does not engage actively in the affairs of his business.

Aged widows will benefit by changes in the law which permit payment of monthly checks to eligible survivors of working people who died between March 31, 1938, and December 31, 1939, with at least a year and a half of work under social security. Before this change, survivors could not receive benefits on the social security account of anyone who died before 1940. Also, a dependent widower can now get benefits even if his wife died before 1950, if the wife met her work requirements under social security.

Families drawing social security benefits for two or more children and not now receiving the maximum payable to a family will find an additional amount added to their social security checks for December, 1960, because of a change which calls for payment of an amount equal to three-fourths of the base amount to each child with a quarter of the base amount divided among all the children. Families affected by this change need to take no action. The additional amount will show up on the social security check which they receive in January, 1961.

Mrs. Kahn explained that the amendments also reduced the amount of work time needed to qualify for benefits. Instead of needing two calendar quarters of work for every four quarters after 1950, the number of work quarters required is now one for three. Unchanged, however, is the provision that no one may get benefits without at least six quarters of work. Anyone who has failed to qualify for benefits in the past because he did not have enough work under social security should call at the local social security district office to find out if this new provision now makes him eligible.

Other changes made by the amendments extend social security to parents working in a trade or business owned by a son or daughter, permit non-profit organizations to provide social security coverage for present employees who want coverage, and for employees hired in the future even if less than two-thirds of the employees desire this coverage, and give clergymen, whose social security participation is optional, an extension to April 15, 1962, to choose to be included under the social security plan.

A further change allows benefits to be paid to wives, stepchildren, and adopted children of retired and disabled workers, if the relationship has been in effect for at least one year. In addition, the lump-sum death payment can now be paid directly to the funeral director if no widow or widower of the deceased survives, and the person responsible for the payment of the burial expenses agrees to this disposition, or if no one assumes responsibility for the burial expenses within 90 days of the date of death.

For a free pamphlet about how these amendments affect you, phone, write, or call at the social security district office, 761 South Van Ness avenue, San Francisco.

Monterey Park Man Again Heads Lions' 'White Cane Days' Campaign

Karl R. Barnum of Monterey Park yesterday was named chairman of the 10th annual observance of White Cane Days, designated in most parts of the nation as October 14 and 15.

Sponsored by Lions Clubs, the appointment of Barnum for his third year as chairman, was made by the board of district governors for California-Nevada.

Marking the 10th anniversary since the program was begun by the Lions Club of Monterey Park, the movement has caught on throughout America and in other nations of the world. Its purpose is to raise money for sightless children and adults.

Barnum reported that the 30th anniversary of the white cane as a signaling device for blinded persons will be celebrated in Peoria, Illinois on October 15 at the home of the inventor, the late G. M. Bonham, who was also active in Lions Club, International.

"During the designated days of October 14 and 15, there will be some 60,000 Lions, their wives and youngsters of California and Nevada communities on streets to collect funds and pin white canes on the laps of donors," Barnum said.

He also disclosed that a person of national renown will be named next week as honorary chairman of White Cane Days and that a youngster from the Los Angeles Foundation for Junior Blind will symbolize this year's effort.

District White Cane chairman.

Dake Standout As Rams Win Over Woodside

Westmoor's Rams, stimulated by a season-opening 13-7 win over Woodside here, tackle a tougher assignment this Friday at 3 p.m. against Menlo-Atherton at Sequoia High field in Redwood City.

Coach Pete Matis's hilltoppers, gunned by scatback Tom Dake who scored twice (one called back) and piled up 180 rushing yards, will be facing the team that last week blanketed Daly City's Jefferson, 27-0. Menlo-Atherton is rebuilding and still has enough muscles for a good year.

The Rams last Friday led 13-0 at halftime thanks to Dake's 67-yard romp for one tally and fullback Harry Brown's 40-yard pass interception. Woodside tallied in the final quarter after a short drive.

Oceana Sports In Full Swing

Oceana High School is now—at least in name—a member of the North Peninsula Athletic League.

The reason for the qualification is that Oceana teams, although adhering to NPAL rules, will continue to free-lance for at least another year. Individuals, however, will be able to participate in certain sports under league sanction.

If a boy, for instance, is an outstanding high jumper, and is qualified to participate in league finals, he will be able to do so as an Oceana representative. The same will hold true for swimmers, wrestlers and cross country men.

Track Coach Dennis Lanterman, who, incidentally feels his team is shaping up surprisingly well for a group of virtual neophytes, announces the first annual Oceana Cross Country Invitational has been set for October 29.

"This is the first thing of its kind ever in this entire area," says Lanterman proudly.

There will be contests at the freshman, junior varsity, soph-frosh and varsity levels.

Freshmen dominated the first Oceana hole-in-one intramural contest last week, but it was a junior who took down the big first prize.

Bud Bresnahan got within 11'-3" in his effort, but after that it was all frosh.

Bob Lopez, a lefthander who hit 'em righty, was runner-up with a shot at 14'-7".

John Kenney and Paul Gossman tied for the show spot with placements at 16'.

Jeff Quintets Open Vs. Cap

Jeff High's 10's and 20's open Peninsula League basketball Thursday against Capuchino.

In practice tilts, the Indian 10's beat Poly, 28-22, but the Jeff 20's lost, 52-31. Against Balboa, the Indian 10's lost, 36-35, but the local 20's triumphed, 31-29.

Forward Mark Perry led the Jeff 10's with 7 and 14 points in the two games. Wayne Crane, Dan Luciano and Jerry Wills paced the Indian 20's.

SPORTS

DEFENSE is what counts and Jeff High line coach Steve Mezera (front row) is hopeful these huskies will hold the fort. Kneeling (from left) are Jim Parker, Gino Bertolini and Bob Mareno. Standing—Bob Guerrero, Al Cascideo and Steve Albert. The Indians meet San Rafael here Friday at 3:30.

Westlake Bowlers Defeat Castle Laners Twice In Pin-Shatters; Bantam Loops Full And Booming

By Bob Sexton

During the early morning league competition things were fairly quiet as far as scoring was concerned. As it turned out this was just the lull before the storm. Later, Castle's highly touted match game team, the King Pins, invaded the Westlake lair.

As usual, the L & L pin-choppers were on the beam. But this time there was a difference; so were the Westlakers. When the teams crossed the finish line it was Westlake out in front by 10 pins. A record was set by the locals. It was the first time in three outings they were able to get the better of the Castle crew.

The brightest star in the match was Castle's Ken Mogan who fired a big 567 series behind the come-through 220 game in the third.

A second match was held. This time it was a mixed affair. Westlake took top honors again. High for the Westlake team was Pat Marks who powered the pins for a very neat 485 effort. Her games were 172-147-166. Close on Pat's heels was Marg Clark with 441 built around a high game of 169.

For the Castle team it was Pete Lusich Jr. who led in the scoring. Pete turned in a very respectable 489 series. Behind Pete was Sandy Sackley with 430.

In the regular Saturday morning league competition it was a good day for ex-traveling league bowler Bill Dooley. Bill turned in games of 184-205-145 for a 534 series. Also in the 500 department were Mike Lanier with 528, Frank Blum, 524, and Carl Steigewald with 519.

Over in the small-fry department Fred Arnke compiled a 182 and a 98 for a high series of 280. His 182 game wins him an A.J.B.C. shirt emblem. Three pins behind Fred was Gary Bosacchi at 277, then Jim Greigore 276, John Glebow 263.

17 Ladies Roll Over 500 Series At W'lake Bowl

The lanes were hot last week at Westlake Bowl, especially for the female of the species, with seventeen women bowling over 500, fourteen alone in the 750 Scratch.

Dottie Tener holds undisputed possession of the "Bowler of the Week" award. She rolled nine in a row, missed the head pin on the tenth leaving the 1-3-5-6-10, and picked them up. She got eight pins on the eleventh shot for a 272.

Ray Fischer, of Fischer Egg Noodles, took the men's honors with a 247/637 series. Jack McDonnell had a 267 game and Bob Kean bowled a 256 stanza.

There were ten men who broke the 600 mark during the week. They were: Joe Acquista-pace, 244-629; Hank Dern, 232-626; Bob Kean, 256-622; Larry Walker, 236-614.

Tony Santos, 234-611; Nick Korkas, 235-611; Harold Hickbottom, 204-606; Vic Dermody, 212-603; and George Horner, 231-600.

The 101 Club rolled a team 1018 and Westlake Towing went for 1010.

Indian Miscues Bring 27-0 Debut Spanking By Menlo-Atherton 11

Whacked 27-0 last week in Redwood City by Menlo-Atherton, Jeff High's lesson-learning footballers hope to do better this Friday afternoon at 3:30

o'clock when they host San Rafael High.

Coach Joe McGrath said his experience-lacking starters made enough mistakes to lose

two games Friday down south. Menlo-Atherton wasn't as good as the final count indicated.

The Indians, losing ground by two poor punts and disastrous off-side penalties, trailed only 6-0 at halftime. The Bears wrapped it up with another tally in the third period and two more in the fourth.

Junior Bob Miller will be at quarterback for Jeff against San Rafael. Senior Tony Montalbo didn't do as well as expected in the opener.

McGrath liked the work of linebacker Bob Guerrero, defensive end Bob Brush and center Joe Bollertini.

Tackle Craig Garcia and fullback Bob Kaspar came out of the clash with hand injuries. Otherwise, the Indians' only hurts were mental.

San Rafael is an unknown quantity but tied Marin Catholic 12-11 in their first outing. The northerners traditionally are strong, however, and Jeff will be on the short end of the odds.

Five Indian starters last week were playing their first game of football.

B.Y.A. Bullets Midget Champs

The B. Y. A. Bullets, sponsored by Westlake Flying "A," defeated the O. L. M. Cubs by a score of 8-7 to take the Daly City Summer Midget League Championship in the American Division.

After having lost their first game to Holy Angels, the Bullets came back to make a clean sweep by winning their next six games to take the championship. This is quite remarkable in the light of the fact that, prior to their participation in this league, none of the boys had any hardball experience, which speaks very well for coaches John Taylor and George Landess.

The Bullets are: pitcher Jeff Bernard, catcher David Lowy, first baseman Dean Taylor, second baseman Steve Levinson, pitcher Larry Landess, third baseman Pete Alba, leftfielder Jim Cummings, centerfielder Marty Warmith, rightfielder Rick Fitzgerald, leftfielder Al Newcomb, rightfielder Ken Freiberg and shortstop pitcher Mike Dulac.

GIRL SCOUTS LEADERSHIP COURSE OPENS

North San Mateo County Girl Scout Council announces that a basic leadership course for all leaders and prospective leaders is being given starting this week at the Daly City War Memorial Building, Mission and Alp streets.

The course includes the fundamental knowledge and skills needed in working with a Brownie or a Girl Scout troop.

For those interested in Senior Troop leadership, there will be a course at Capuchino High School, 900 Hacienda drive, San Bruno, on October 6, 13 and 20, from 9:30 a.m.-2 p.m.

The course is open to new Senior Leaders, Leaders of 7th and 8th grade troops, Troop Committee, Sponsoring Group members and any others interested.

BYA JUNIORS GIVE 'RANDY' SIXTH TITLE

Art Colvin's BYA Juniors won the Daly City Recreation Department Summer League by downing a tough New Pisa team as Bob Gonzalez allowed the losers only one hit.

The BYA boys made the most of five hits off Ken Chelini—singles by Alan Contreras, Gary Mendosa, Bob Gonzales, Mike Earnshaw and Ken Torre.

New Pisa's last threat came with two on in the seventh when Gonzales fielded a hot grounder by Larry Violante and threw him out.

The Colvin nine, coached by Randy Hix, also won the Spring League. Hix' BYA teams have won six championships over the years.
